

The board at Windcrest hired a painter to paint the wood trim on their buildings that were sided with vinyl. In this process they realized the vinyl siding had leaked severely, damaging the structure. They interviewed five contractors and selected PBE to repair all damage, replace the vinyl siding and renovate all decks.

Scope of Work

- ◆ Replacement of current siding with Hardie Panel and Plank
- ◆ Installation of New Roof Coping and Chimney Caps, as well as Gutters & Downspouts
- ◆ New VPI Endurance Windows and Sliding Glass Doors
- ◆ Westcoat Deck Waterproof Coatings
- ◆ Aluminum deck railings at unit decks with glass panels
- ◆ Installation of New Panel Garage Doors

Testimonial

"Had we realized what we know now, we would have renovated our community long ago. I can not believe how much our property values have increased due to this renovation."

- Alexander C., HOA President
